Patient Portal

We want to be available and accessible when our patients need us !

The screenshot shows the MEDENT Patient Portal interface. At the top, there are buttons for 'Create Message', 'Refresh', 'Move to Saved', and 'Delete Message'. Below these is a 'Messages' section with a sub-header 'To view a message, click on the date, time, or subject of the message.' and a note 'Clicking on the envelope marks the message as read/unread.' A table lists messages with columns for 'Date', 'Time', and 'Subject'. Two messages are shown: one from 10/03/18 at 1:31 pm with subject 'Document: MedlinePlus-Amoxicillin,Lansop' and another from 10/03/18 at 1:14 pm with subject 'Document: Clinical Visit Summary'. On the left side, there is a navigation menu with links for 'Messages', 'Create Message', 'Inbox', 'Saved Messages', 'Sent Messages', 'eVisit', 'Appointments', 'Medications', 'Allergies', 'History', 'Chart', 'Account Info', and 'Statements'.

Introducing our Patient Portal

At Calvert Internal Medicine Group we love our patients and we are always trying to find more convenient ways to make life easier for you. To do this we offer our patients a secure online method to access portions of your medical record and a convenient way to communicate with your Doctor.

To take advantage of this service, please register for your account during your next visit or by contacting us at 410-535-2005.

We understand that you may have a few questions about this service so we've included a list of frequently asked questions to help you better understand what the Patient Portal is and how it works.

- Documents

****These items must be requested on demand before becoming available.**

Frequently Asked Questions

How long before information becomes available online?

Most information is available online within 48hrs. Lab results may be viewed 4 days after the Doctor has received and reviewed them.

Why am I unable to see my Lab Results?

Your Doctor may not have received the results back from the laboratory yet or has decided they would like to discuss with you the results.

Can I request prescription refills through the portal?

Yes. However you may need to be seen if it's been 6 months or more since your last visit.

Can I schedule an appointment?

Yes. In office and Telehealth visits may be scheduled.

How do I access the Portal?

If you're a new user, the first thing you'll do is register at your next office visit or by calling our office and requesting access to your Patient Portal account. We will confirm some information about you and get you setup. The next step would be to visit our website at calvertmedicine.com and click the link "Patient Portal". Scroll through the page and click "Login To The Patient Portal" and finally click "Activate Account".

Having trouble logging in?

Verify you are using the correct username and password combination. Verify caps lock isn't turned on. Click the "Forgot password" or "Forgot login name" links to receive help logging in. Still having trouble? Contact our office at 410-535-2005.

Thank you!

At Calvert Internal Medicine Group, we love seeing you in the office, but we also want to make sure you have quick access to your medical formation when at home or on the go. The Patient Portal is another way we are working to ensure that you, our patient, has access to your medical information and Doctor in the most convenient ways. If you have any questions or concerns, please feel free to speak to our office staff.
